P.O. BOX 19

CHURCHILL 3842

9th August, 1992

SECRETARY ph 69 6496

RANGER ph 22 1478

Dear Friends,

Last months tree planting was most successful with 250 seedlings being planted on the flats. The weather looked threatening but was surprisingly quite pleasant and the planting was finished by lunch. Species planted were Manna Gum, Swamp Gum, Silver Wattle and Blackwood. Thankyou to all that attended and helped make the day such a success.

A particular welcome is extended to the first time helpers and we hope to see you again.

A.G.M. = This was held on Aug.2nd on a day that encouraged us to gather closely around the heaters in Robs workshop. Elections of office bearers had all positions filled unopposed:-

President: Ken Harris  
Vice President: Yvonne Aplin  
Secretary: Johanna Aziz  
Treasurer: Judy Lambert

Committee: Wendy Nickson (Newsletter Editor) , Stephen Sharman

In response to a request from the Yinnar South Country Fair Committee Joan Sikkema is to represent our group at their future meetings. The park via our group have benefited greatly from monies raised in the past, they are now asking for help in return.

SUBS are DUE NOW and remain the same as in past years at \$10 Single and \$15 family. The committee thankyou for your past support and invite a continuance of that support.

AUGUST 16th -TREE PLANTING: 10am untill finished.

With so much practice we must be getting better! This month we will intersperse seedlings of species not previously grown into the "Verbena" and "Lodge Site" patches. Access from either Baniffs Road or Tebb Ter. and follow the signs. Bring along newspapers, tools and lunch (BBQ facilities and billy tea provided). Even an hour of precious time would be appreciated.

Two other dates worth noting in the diary are:

SEPTEMBER 19th -Shared Tea (please note change of date). Lets get together and socialise after another winter of hard work. A warm welcome is specially extended to everyone who has helped, member. and non members. Your participation has made the Park a better place. More details later.

OCTOBER 18th -Visit to Mt Worth Friends Group.

I am still to confirm with Mt. Worth but these have proven to be an excellent day out, a good social outing combined with a worthwhile learning experience.

Don't forget "Robs Recycling" -all aluminium and glass -its amazing what has been payed for out of the profits. (Mugs/Yinnar Sth Fair tea & damper/tent hire etc).

Bye for now and hope to see you soon.

Yvonne (Temporary Editor lucky for you!)
